Simple Summary: Simple summary??

Abstract: aBSTRACT??

Keywords: keyword 1; keyword 2; keyword 3 (list three to ten pertinent keywords specific to the article, yet reasonably common within the subject discipline.).

1. Descarga de los datos (*Raw data*)

```
url_descarga <- "https://www.valencia.es/estadistica/inf_dtba/2026/Barrios2026.zip

savedir <- '../data/'
filepath <- paste0(savedir, 'Barrios2026.zip')
if (!file.exists(savedir)) dir.create(savedir)
if (!file.exists(filepath)) {
  message("Descargando ", url_descarga)
  options(timeout = max(300, getOption("timeout")))  # el zip pesa ~20 MB
  download.file(url_descarga, destfile = filepath, mode = "wb")  # "wb" evita corr
}
```

2. Limpieza de datos

2.1. Technically correct data

Aquí importamos y adaptamos los datos a los formatos que maneja R...

2.2. Consistent data

Aquí decidimos qué hacer con los datos raretes...

3. Análisis

Aquí empezaría nuestro análisis como tal...

Institutional Review Board Statement: In this section, you should add the Institutional Review Board Statement and approval number, if relevant to your study. You might choose to exclude this statement if the study did not require ethical approval. Please note that the Editorial Office might ask you for further information. Please add "The study was conducted in accordance with the Declaration of Helsinki, and approved by the Institutional Review Board (or Ethics Committee) of NAME OF INSTITUTE (protocol code XXX and date of approval)." for studies involving humans. OR "The animal study protocol was approved by the Institutional Review Board (or Ethics Committee) of NAME OF INSTITUTE (protocol code XXX and date of approval)." for studies involving animals. OR "Ethical review and approval were waived for this study due to REASON (please provide a detailed justification)." OR "Not applicable" for studies not involving humans or animals.

Informed Consent Statement: Any research article describing a study involving humans should contain this statement. Please add `Informed consent was obtained from all subjects involved in the study.'' OR` Patient consent was waived due to REASON (please provide a detailed justification).'' OR `Not applicable'' for studies not involving humans. You might also choose to exclude this statement if the study did not involve humans. Written informed consent for publication must be obtained from participating patients who can be identified (includ by the patients themselves). Please state` Written informed consent has been obtained from the patient(s) to publish this paper'' if applicable.

Data Availability Statement: We encourage all authors of articles published in MDPI journals to share their research data. In this section, please provide details regarding where data supporting reported results can be found, including links to publicly archived datasets analyzed or generated during the study. Where no new data were created, or where data is unavailable due to privacy or ethical re-strictions, a statement is still required. Suggested Data Availability Statements are available in section "MDPI Research Data Policies" at https://www.mdpi.com/ethics.

Acknowledgments: All sources of funding of the study should be disclosed. Please clearly indicate grants that you have received in support of your research work. Clearly state if you received funds for covering the costs to publish in open access.

Conflicts of Interest: Declare conflicts of interest or state 'The authors declare no conflict of interest.' Authors must identify and declare any personal circumstances or interest that may be perceived as inappropriately influencing the representation or interpretation of reported research results. Any role of the funding sponsors in the design of the study; in the collection, analyses or interpretation of data in the writing of the manuscript, or in the decision to publish the results must be declared in this section. If there is no role, please state 'The founding sponsors had no role in the design of the study; in the collection, analyses, or interpretation of data; in the writing of the manuscript, an in the decision to publish the results'.

Sample Availability: Samples of the compounds ..... are available from the authors.
